

# **FAQs for students at Dräger**

## **Is it possible to complete a Student Placement with Dräger?**

Unfortunately we have only a very few possibilities at Dräger UK to employ students as interns. But please feel free to place your speculative application via the online application.

## **Is it possible to complete an international Student placement with Dräger?**

You can apply directly to one of our foreign sister companies or our parent Company abroad. Especially in our headquarters in Luebeck, Germany, we have quite a number of vacancies for student placements for a large scope of fields of study. Please pay attention to the fact that a student placement has to take at least three months.

## **What kind of support is available during my student placement?**

Two contact people are there to assist you during your placement: your department advisor and a member of HR management. The department advisor is there for questions in your precise area of activity and the member of HR management is there for all other questions.

## **Is it possible to write my thesis at Dräger?**

We have only supported a very few final dissertations so far. Usually this requires a prior student placement with Dräger.
